All the conveniences of gas—better cooking and a cleaner cooler kitchen

NEW PERFECTION OIL COOK-STOVE

For Best Results Use Pearl Oil

Bakes, broils, roasts, toasts. More efficient than your wood or coal stove, and costs less to operate. Your cooking is better, too, because you have heat-control like a gas stove.

The New Perfection gives a clean, odorless, sootless flame because of the long blue chimneys. Cuts out the drudgery of wood or coal. Keeps your kitchen cool. In 1, 2, 3 and 4-burner sizes, ovens separate. Also cabinet models with fireless cooking ovens. Ask your dealer today. Standard Oil Co. (California)

MONEY TO LOAN ON FIRST FARM MORTGAGES

DRY HARD LAND MAY BE PLOWED BY DISK

Hard, dry stubble land may be successfully plowed by means of a disk plow before the fall rains set in, and made to grow crops as large and profitable as those grown from lands plowed by mold board plows after the rain.

This is the conclusion reached by Professor H. D. Scudder, agronomist at O. A. C., after extended investigations carried over a period of eight years. "Without possibility of question," says Professor Scudder, "by using the proper kind of a disk plow and using that disk plow properly, fall plowing may be begun much earlier in the season. We have proved this not only on our own farms in different parts of the state, but have had others farmers try it out on an extensive scale with excellent results."

Attention is called to the fact that this possible use of the disk plow is contrary to the views held by most Willamette Valley farmers; that is, that the use of the disk plow on hard dry ground is a good proposition. It is said to be not only a good proposition but one of the most important propositions any farmer of Western Oregon can consider and put into practical operation with profitable results.

When you need two-vision lenses—be sure to get

KRYPTOK LENSES

(Worn by over 250,000 people)
For all other two-vision lenses there is a line or seam between the near and far vision portions that makes the wearer look less than his best, and unmistakably brands him or her with a sign of age.

Kryptok are double-vision lenses that look exactly like regular one-vision lenses because there are no lines or seams in them.

Dr. Winnard can supply these lenses

Don't Raise Weeds on Your Summerfallow

USE A

JONES WEEDER

PATENTED DECEMBER 16, 1913

"Made In Morrow County"

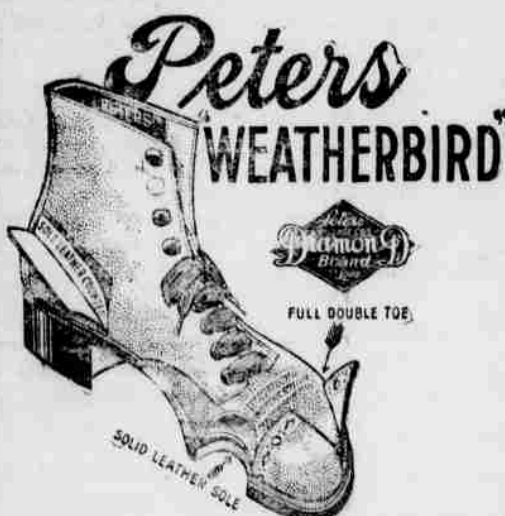

We have had lots of moisture and weeds will grow and ruin your Summerfallow—unless they are destroyed while small.

THE JONES WEEDER is the best implement for this purpose. We advise all who are needing a weeder to buy now while the price is low.

Steel has gone up 140% and the weeders will be considerably higher next season.
